The Hon Secretary writes;

All readers of the bulletin will learn with regret that Mr. G.W. Henlen has been obliged, under his doctor's orders, to curtail many of his chess activities, and to give up the task of editing the Bulletin, which he took up in January 1964. We are grateful to him for his services to us over the past two and a half years and record our appreciation of the high standard which we have enjoyed in all the issues he has produced for us.

We count ourselves fortunate to have persuaded Mr. B.A. French to step into the breach and continue the production and editing of the bulletin and we wish him all the pleasures (if any) that go with the Editorial Chair.

Will all secretaries please note Mr French's address which is given above and exhort their Match Captains to send all results for publication to him at their earliest convenience and also the results of games sent for adjudication as soon as possible after these are known

May I take this opportunity to underline the importance of the supply of all county match results from both match captains, as the Grading Officers in many cases have to rely on the Bulletin for the recording of many games and accuracy in spelling of names and the provision of correct initials is of the utmost importance.

J.J. Lauder.
