Graders please note Berks Player's is Corney, not Conroy as in October issue reporting this result.

The Championship match between Middlesex and Oxfordshire resulted in a win for Middlesex 10 $\frac{1}{2}$ -9 $\frac{1}{2}$ but I have not received the detailed score from either side. May I ask Match Captains who wish to have their results published in the bulletin to let me have the score details as soon as possible after the match has been played; I have made arrangements to obtain and publish the results of adjudicated games as above directly from Mr Douglas.

J.J. Lauder.

The October and December issues of the Bulletin contain results of all matches played up to and including those played on 21st November with the exception of the Cambs-Norfolk match which has not been reported at the time of going to Press.

(The information and suggestions given here are published in the
hope that officials of Clubs and Counties will find them of use and
interest, not only to themselves but also to some of the members of
their organisation.)

B R I T I S H C H E S S F E D E R A T I O N

All readers will be aware that recent years have seen sharp rises
in costs all round and will appreciate that chess organisations, includ-
ing the British Chess Federation, are no exception to the general trend.
The Financial needs of the B.C.F. are largely met from the contributions
of chess players and county secretaries have probably received copies of
a brochure explaining how Clubs and individual players can help by
becoming personal or corporate members of the Federation. It is possible
that many more players and clubs would help in this way if the work and
needs of the Federation were brought to their notice at this time.
Further copies of the Federation brochure can be obtained from the
Secretary of the B.C.F., Mr G.H. Simmons whose address is 75 Ferry Road,
Scunthorpe, Lincs and it is suggested that Club and County Officials
should take a further look at the needs of Chess in this country and see
if they can help.

"F R I E N D S O F C H E S S"

The society called "Friends of Chess" was formed in June, 1969
with the object of improving Britain's position in international chess
and the first annual report was presented in July last. The triple aims
set out by the society were to provide financial help for Grandmaster
tournaments in this country, to promote opportunities for British teams
to play in international team tournaments and in matches with other
countries and to provide general support for British international chess
not only over-the-board play but also in correspondence chess and in
composition of problems and end games. The first year of the society's
work produced over 100 members and an income exceeding £1,000 and a
target of 200 members has been set for the 1971-72 season in order to
raise the necessary income for the aims of the society for the current
season. Every secretary should be fully informed of this effort on
behalf of British Chess and further details may be obtained from the
Hon. Secretary, David Anderton, whose address is White Walls, Barr
Common, Aldridge, Staffs.

"BRITISH CORRESPONDENCE CHESS ASSOCIATION"

For those players who enjoy correspondence chess a brochure has
been issued describing the various aspects of the work of the Association.
If you have any members who would like to take part in open individual
tournaments, championships, handicap events or team matches, write to
R. Pritchard, at 83 Walsgrave Road, Coventry, Warwicks for information.

Sussex

Nil received.

The above will allow County Officials to check their figures and contact me for any numbers difference, thus smoothing out any difficulties at the appropriate times for the various Treasurers making cash payments. Any forms posted to reach me after Dec 2nd not included.

The Norfolk and Norwich Chess Club, which was founded in 1836 and meets every afternoon and evening, recently moved to new premises in the local Y.M.C.A. building. To celebrate this move they have arranged a tandem simultaneous display by Mr and Mrs Hartston from Cambridge and obtained an excellent spate of publicity, not only in the local daily and evening paper but also a spot in the six o'clock news on Anglia TV!! All of which goes to show what can be done.
