JAMBOREES (Senior and Junior)

As the Chess season draws to its close, the Jamborees are with us, both Senior and Junior species. The Senior event took place on Saturday 7th April at Hurlingham School, under the control of our Vice-President, Mr R.L. Owen, ably assisted by Messrs E.T. Ruddle (Bucks) and M. Sinclair (Middlesex). Eleven Teams entered the event and the detailed results will be found on Page eight; six games have gone to adjudication. The current leaders are Sussex and Cambs with 7/9, Middlesex 6/9 and Essex 5/9.

Details of the Junior event will be found on Page Seven and Mr David Blackman writes:

"Not even the harmless pursuit of Junior Chess, it would seem, is immune from the effects of industrial disputes. Last year's Union Junior Jamboree narrowly escaped being blacked out by the power strike; this year's event was held at the height of the rail dispute. Several team captains were placed in a difficult situation of not knowing whether their players would arrive late, or for that matter arrive at all. Kent girls were worst hit, Mr Hannan had to find two last-minute reserves; including one in the place of the British girl champion, Susan Caldwell. Also, it was not until four hours before the start of the event that Sussex Girls knew that they would be able to come. However, despite these trials and tribulations, every participating county was able to field a full team, although several had to call on their reserve strength.

When the dust of the battle had settled on the adjudications, Middlesex emerged as winners of the Boys' Tournament with 9½ points, half a point ahead of Surrey. Kent and Berkshire were equal third with 7½. Essex won the Girls event, just edging Surrey out on Board Count. The result all depended on the last game to finish, in which Julia Park (Sussex) defeated Elaine Sadler (Surrey)".

For the arrangements of these events once again the counties and their young players are indebted to Mr David Blackman, aided and abetted as usual by the Junior Officers of the respective counties. This year industrial disputes added to the expected hazards of junior organisation and a report by Mr Blackman will be found on the front page of this issue.
