Subscription Rates: Annual Subscription 50p (Single Copy) - for details of extra copies of the September (Grading List) issue singly or in bulk, please apply to the Editor at 37 Dora Road, Wimbledon. S.W.19. 7EZ.

The Bulletin is edited and distributed by J.J. Lauder, to whom all MSS for publication should be sent. It is produced by G.W. Kilmister, M.B.E.

CHANGE OF ADDRESS: As from 1st January, 1974 Mr F.C. Manning's address will be as stated above; it is hoped that the telephone will be installed early in the New Year.

C O U N T Y M A T C H E S .

Mr A.J. Douglas writes: "In the event of petrol rationing being imposed, or if travel difficulties remain, I would like to suggest that counties give serious consideration to the possibility of playing matches by telephone. I have made some enquiries and believe that the cost of a 4 - 5 hour match on a Saturday or Sunday afternoon on S.T.D. would not be more than £8 or £10. This is probably no more than and may well be less than the individual players would incur in travelling to a match in normal circumstances.

Suggestions on organisation and rules for telephone chess were given on page 56 of the 1971/72 Year Book. I would suggest that phone charges should be met by the "home" team, but this would be a matter of agreement between the counties concerned."

Mr H. Trevor Jones, who is the grader concerned with all our inter-county matches, has asked me to remind all match captains that all games in these matches are graded by reference to the results published in the Bulletin, as has been stated in these pages several times, notably on Page Two of the September (Grading List) issue. Out of 35 teams in our competitions, the Editor enjoys full co-operation in this matter from the Captains of 31 teams, whose players can be assured that the results of their games are correctly advised to Mr Jones, but this facility cannot be taken for granted by those who play in the remaining four teams, namely, Beds II, Cambridge, Middlesex III and Oxford I.

The Editor would suggest that officials of these counties should take steps to advise players in these teams that the grading of their match results will depend on information received from the opposing Match Captains unless or until their own Match Captains take appropriate action. J.J.L.

The Assistant Editor also suggests that players seeing their names and initials inaccurately written in Match Captains Lists, or in Grading Lists, should advise the appropriate Authority so that it is corrected for the future. G.W.K.
