===== OBITUARY =====

Alan F. Stammwitz

Chess players will have learnt with deep regret of the recent death of Alan Stammwitz after many months of illness, due to arthritis. A number of his old friends visited him whilst he was in hospital and undoubtedly this gave him much pleasure and comfort. He returned from hospital in October last but contracted pneumonia and died on 8th January, 1975. He had retired from business about two years earlier, having been an accountant by profession.

Alan Stammwitz was probably best known as a chess organiser who devoted many years serving various organisations. He performed outstanding work during his 13 years as B.C.F. Hon. Secretary - from 1953 until 1965 - during which time he assisted in the work of most of their committees. He was a prodigious worker, often rising at dawn or before to deal with his secretarial duties - whilst most of us slept comfortably in bed until a more normal hour; suffice to say that, except for a brief period before and after his secretaryship, the B.C.F. employed a full-time paid secretary to carry out the duties Alan coped with on a voluntary basis. Subsequently he represented the Vice-Presidents as their delegate to the Council.

Prior to his election as Federation Hon. Secretary, Alan was one of the S.C.C.U. delegates to the B.C.F. Council. He was Hon. Secretary (1948/53) and later President of Middlesex, but this hardly reflects the service he rendered the County - he was founder of the Middlesex League shortly after the war and a life Vice-President. He was also closely associated with both the Ealing and Harrow clubs and a former President of the Thames Valley League (1969/70). He served other chess organisations and took a keen interest in both Junior and Correspondence chess activities, representing the B.C.F. on the British Postal Chess Federation Committee.

Alan Stammwitz was an enthusiastic player with a dangerous, but somewhat impetuous attacking style, capable of brilliant combinations. Like many other dedicated chess workers, his playing activities suffered because of his administrative involvement, which left little time to play the game seriously.

Between the late 1940's and early 60's I worked closely with Alan on many committees at County, Union and Federation level and I witnessed at first hand his dedication to organisation of the game and all who play chess owe him a tremendous debt of gratitude. His old colleagues extend their sympathy to his wife Celia, son and other relatives in their loss.

Sir Robert Robinson, O.M., D. Sc., F.R.S.

The National Press reported the death in February of Sir Robert Robinson who was President of the B.C.F. in 1950/53 and will be remembered by an older generation of players as a member of the Athenium Chess Club and a strong player who held his own in the first division of the London Chess League for many years. As outstanding scientist, he was at one time a President of the Royal Society. J.J.L.

CONGRATULATIONS. The Editor takes pleasure in joining all readers in offering our congratulations to Sir Stuart Milner-Barry on his award of a K.C.V.O. in the New Year Honours List. President of the B.C.F. 1970/73, his continuing services to Chess are well-known to all organisers and his outstanding playing record over the years needs no commendation. After a recent county match a young player remarked to me that Milner-Barry played in the style of an old-time English Gentleman against whom it was a pleasure to play!! J.J.L.

"CORRECTION : The Islington results on the first page of our January number should have stated "5/6" instead of "4¹/₂" as the score of the top ten in the London Open, H. Hakki and P. Pritchard won the London Major and the London Minor was won by R.G. Granat (Rutlish School and Wimbledon) with 6/6".
