B.C.F. At a recent meeting of the Executive Committee it was announced that as a result of prolonged negotiations the Department of Education and Science has agreed to make a grant available to the Federation based on 75% of the budgeted administrative costs for 1975/76. Whilst this is a most welcome decision which, incidentally identifies chess as a subject of Education or even science, it does not mean that our needs of help from our members is greatly lessened but that our increased costs will be met in part in 1975/76 by a government grant.

As all county officials will be aware, we have given a great deal of thought and study to the vexed problem of an equitable method of assessing the liability of our members to contribute to the finances of the B.C.F. at present met by the registration scheme. This much-maligned method has operated for many years past and several possibilities of amendment, improvement or complete replacement have been presented to the counties for their approval. Not surprisingly, we have agreed to differ all along the line and we are looking at a levy scheme on the 1947/48 model with an up-to-date basis of assessment giving counties the option of retaining the capitation method in part with a minimum levy assessment for each county. The Editor, who recalls several years of toil as a county secretary, is reminded of the difficulty of including in the county association a number of players who compete in different competitions outside the county aegis and which decline to contribute a penny piece to the funds of the Federation, the county, Union or anything outside their own organisation. The Grading List of this and other Unions will show just how large a part they represent in present day chess. A nice problem!

ADJUDICATION RESULTS from the Friendly match between Bucks and Berks at Slough

 Final Score: Bucks 13 $\frac{1}{2}$  Berks 6 $\frac{1}{2}$

The S.C.C.U. Junior Jamboree was held in the delightful setting of Charlton House on 22nd February. The entry in the boys' event was down on that of the last few years, and of the six teams taking part one was only able to raise seven players. As usual, there was a cliff-hanging finish, with the final result depending on the only game to be sent for adjudication. This denied Middlesex the draw which they needed to beat Surrey on board count and so Surrey go into the B.C.F. Final against Hants, Cheshire and Warwickshire on 22nd March.

There was an equally tight finish in the girls' event only a minute or so before the end of play. However, with her flag just about to fall and four moves to make, Helen Granat conjured up a lovely win against Julia Park, and Surrey were home by a full point. Their opponents in the Final will be the same as last year, Devon, Lincs and Lancs.

My thanks are due to Peter Hannan, who arranged the venue at Charlton and did a great deal of work on the day itself; without his help I would have been in dire straits. At the other extreme, a large black mark to whichever Hertfordshire official was responsible for the withdrawal without notice of their boys team. This necessitated re-pairing the whole of the boys event, which then started half an hour late.

The Herts Hon. Secretary, Mr. O.V. Stobart, who was in no way involved in the junior events, has investigated the circumstances of the default and brought to light several relevant factors including the non-delivery by the Post Office of Mr. Blackman's original letter of instructions to the Herts Junior organiser. Mr. Stobart has expressed his apologies to Mr. Blackman for his county's failure to give proper notice of the withdrawal of their junior team and to all those who were put to inconvenience thereby.
